Summer Jobs:

•Training and Employment Services: **\$4 billion** for job training including formula grants for adult, dislocated worker, and youth services **(including \$1.2 billion to create up to one million summer jobs for youth)**. The age of eligibility for youth services provided with the addition funds is extended to age 24 to allow local programs to reach young adults who have become disconnected from both education and the labor market.

• **50 million** in increased funds for the YouthBuild program to expand this program serving at-risk youth. Supplemental Awards to existing programs and an expansion of a current competition will allow an additional 3,200 young people to gain education and occupational credentials while constructing or rehabilitating affordable housing.

•The needs of workers also will be met through dislocated worker national emergency grants, new competitive grants for worker training in high growth and emerging industry sectors with priority consideration to “green” jobs and healthcare. Green jobs training will include preparing workers for activities supported by other economic recovery funds, such as retrofitting of buildings, green construction, and the production of renewable electric power.

•Training and Employment Services: **\$3.25 billion** for job training including State formula grants for adult, dislocated worker, and youth programs **(including \$1.2 billion to create up to one million summer jobs for youth)**.

• **100 million** in increased funds for the YouthBuild program to expand this program serving at-risk youth. Supplemental Awards to existing programs and an expansion of a current competition will allow an additional 3,200 young people to gain education and occupational credentials while constructing or rehabilitating affordable housing.

• The training and employment needs of workers also will be met through dislocated worker national emergency grants, new competitive grants for worker training in high growth and emerging industry sectors with priority consideration to “green” jobs and healthcare. Green jobs training will include preparing workers for activities supported by other economic recovery funds, such as retrofitting of buildings, green construction, and the production of renewable electric power.

•Training and Employment Services: **\$3.4 billion** for job training including State formula grants for adult, dislocated worker, and youth programs **(including \$1.2 billion to create up to one million summer jobs for youth)**.

• The training and employment needs of workers also will be met through dislocated worker national emergency grants, new competitive grants for worker training in high growth and emerging industry sectors (with priority consideration to “green” jobs and healthcare), and increased funds for the Job Corps and YouthBuild programs. Green jobs training will include preparing workers for activities supported by other economic recovery funds, such as retrofitting of buildings, green construction, and the production of renewable electric power.
