# This is Afterschool in Vermont

Afterschool Alliance

March 2020

After the school day ends in Vermont, 1 in 4 kids are alone and unsupervised. These hours—from 2 to 6 p.m.—are the peak time for juvenile crime in Vermont according to the latest report by Fight Crime: Invest in Kids, a national organization of law enforcement leaders. Afterschool programs turn that time of risk into opportunity. They keep kids safe and help them realize their full potential. Nationwide, 9 in 10 adults say afterschool programs are important to their community, yet more than 19 million kids are waiting to get in.

Fortunately for the 21,690 children in afterschool programs in Vermont, the hours after school are a time when programs help kids get excited about learning, attend school more often, get better grades, and build foundational skills, like communication, teamwork, and problem solving.

21<sup>st</sup> Century Community Learning Center grants are the only dedicated federal funding source that support local communities' afterschool and summer programs. Demand for programs is so great in Vermont that **1 out of every 10 applications cannot be funded.**

A 2019 evaluation of Vermont's 21<sup>st</sup> CCLC programs by the Vermont Agency of Education found that students participating in programs reported a positive experience. When asked their feelings about the programs, 7 in 10 students reported that they feel like they belong (70%) and that they matter (69%) in the program. More than half of students responded that in the program they feel challenged in a good way (52%) and that the activities are important to them (51%).

## 21<sup>st</sup> Century Community Learning Centers

In Vermont, 21<sup>st</sup> Century Community Learning Centers—local afterschool, before-school and summer learning programs that serve students attending high-poverty, low-performing schools—provide services for 12,100 kids and 101 communities.

In a nationwide study of students who regularly attend a Community Learning Center, teachers report that:

**1 in 2**

improved their math and Language Arts grades

**More than 2 in 3**

improved their homework completion and class participation

**More than 3 in 5**

improved their behavior in class

Community Learning Centers bring together diverse partners to meet community needs. A typical program receives \$67,000 from partners to supplement its federal funding. Nationwide, partner contributions totaled more than \$1 billion between 2006 and 2010.

## A Lifeline for Working Families

Families across America report that the gap between work and school schedules can be up to 25 hours per week. Parents lose 8 days of work, and businesses lose up to \$300 billion a year due to parental concerns about afterschool care.

- **81% of Vermont** parents say afterschool programs give them peace of mind.
- **79% of Vermont** parents agree afterschool programs help them keep their jobs.

Afterschool provides a solid return on investment. Research spanning several states shows that every \$1 invested in afterschool programs saves at least \$3 by:

- 1** Increasing kids' earning potential
- 2** Improving kids' performance at school
- 3** Reducing crime and juvenile delinquency

"I've very much fed off of the kindness I received from the group leaders at Boys & Girls Club. As a result, I'm probably going to be teaching and combining my love for music with my teaching. Afterschool is about having options and getting to experiment with all those different things to figure out what it is that you really want."
