21st Century Community Learning Centers

21st Century Community Learning Centers (21st CCLC) are local before-school, afterschool, and summer learning programs that serve students attending high-poverty, low-performing schools, engaging students in hands-on learning activities aimed at supporting their academic growth. They provide a variety of enrichment activities to complement school-day learning and offer educational and support services to the families of participating children.

In Michigan, 19,081 children in 254 communities take part in a Community Learning Center.
