

AFTER THE CHALLENGE: SAMPLE THANK YOU LETTER FOR CONGRESSIONAL OFFICES

After your visit to Capitol Hill, be sure to send a note to Congressional offices thanking members of Congress and any staff members you met. A letter is a good way to maintain a relationship with a policy maker's office and to remind them of your visit and what you discussed. If you encouraged the lawmaker to join the Afterschool Caucus, you can use this letter as a reminder to do so. If you met with a staff member, change the letter to say that you appreciated meeting with the policy maker's staff. Be sure to include your contact information at the end of the letter. Below is a sample letter that you can adapt to reflect your meetings.

Email your letter using the contact information provided in your Hill meeting packet. If you cannot locate this information, your team leader should have it, or you can contact Shaun at sgray@afterschoolalliance.org. If you prefer not to email your letter, fax it, as mail can take months to reach Capitol Hill.

NOTE for programs that receive federal grant money: We suggest writing the letter on your personal stationery so that you can specifically mention funding you receive from 21st Century Community Learning Centers or other federal funding sources, like the Child Care Development Fund (CCDF). If you use program stationery, you **should not** ask the official to increase funding for a specific government program like Community Learning Centers or CCDF. But you can always ask the policy maker to support afterschool programs in general.

SAMPLE LETTER

[Your address] [Date]

The Honorable **[Member of Congress name]**
[Capitol Hill office address]
Washington, D.C. 20510

Thank you for taking the time to meet with me and other afterschool supporters from **[your city]** in Washington, D.C., on April 19. I enjoyed talking with you about afterschool programs and the important benefits they provide to students and families here in **[your city]** thanks to federal funding from the 21st Century Community Learning Centers initiative. Afterschool programs keep our kids safe, boost student success, and help working families.

I hope you will consider joining the Afterschool Caucus as a way to support afterschool in Congress. I also hope you will protect and expand funding for Community Learning Centers by \$100 million for FY2019, allowing another 100,000 children to access quality afterschool, before-school and summer learning programs through school and community based providers. Today, Community Learning Centers serve 1.7 million children in communities nationwide. Yet the demand is far from being met; for every child in a program, two are waiting to get in.

When students participate in afterschool, they attend school more often, do better in school and are more likely to graduate. For our state's hardworking families, afterschool programs provide a lifeline. Afterschool gives working parents peace of mind while keeping kids safe from 3 to 6 p.m., the hours when juvenile crime and victimization peaks. Four in 5 parents say afterschool helps them keep their jobs.

Afterschool programs are a locally-driven, cost-effective way to help kids achieve more, support hardworking families, and reduce drug use and risky behavior. By increasing students' future earning potential, improving academic achievement, and reducing juvenile crime and delinquency, afterschool saves up to \$3 for every \$1 invested.

I hope you agree that all children and working families in our state deserve the support and stability that comes with participation in quality afterschool programs. I would be delighted to give you a tour of our program and an opportunity to talk to the children and parents we serve. Thank you again for your time and public service.

Sincerely,

[Your name]
