## A Salute to Afterschool Programs

### *Military Bases Join National Rally for Afterschool*

Parents, children, educators and community members across the United States and around the world are joining *Lights On Afterschool* this year, and military families are a big part of many of the celebrations. Afterschool students at military bases are inviting parents, peers and community members to come to *Lights On Afterschool* events to learn more about the fun, engaging, educational activities their afterschool programs provide.

*Lights On Afterschool* is organized by the Afterschool Alliance. “We are proud to have military bases across the country and around the world participating in the ninth annual rally for afterschool next week,” said Afterschool Alliance Executive Director Jodi Grant. “All children need access to the afterschool programs that keep them safe, inspire them to learn and help working families. The participation of families and educators in the military truly makes *Lights On Afterschool* a worldwide event.”
