### **Afterschool Alliance Names YMCA/JCC of Greater Toledo's Spencer One of 22 'Afterschool Ambassadors' from 19 States**

#### ***Spencer Will Work in Ohio and Nationally to Expand Afterschool***

Washington, DC – The Afterschool Alliance today announced the selection of Becky Spencer, Vice President of Child Development at the YMCA/JCC of Greater Toledo, to serve as a 2007-2008 Afterschool Ambassador. She is one of just 22 local leaders from 19 states selected for the honor. Each Ambassador will continue directing or supporting a local afterschool program while also serving a one-year Afterschool Ambassador term organizing public events, communicating with policy makers, and building support for afterschool programs. The Afterschool Ambassador program is supported by the William T. Grant Foundation.

“Afterschool programs keep children safe, inspire them to learn, and help working families,” said Afterschool Alliance Executive Director Jodi Grant. “The public strongly supports afterschool programs and wants to see them expanded, but at the federal level and in many states, dollars for these programs are frozen or even shrinking. In her work as an Afterschool Ambassador, Becky Spencer will bring talent and experience to the challenge of making afterschool programs available to all families that need them. I look forward to working with her to share the good news about afterschool with parents, business and community leaders, lawmakers, and the media. We are proud to have Becky on our team.”

Spencer has 26 years experience in the development and operations of afterschool programs, advocacy on behalf of children and public policy. She is a charter member of the Ohio Afterschool Network and serves on its board, and is active in the Ohio Association of Child Care Providers, the YMCA of Ohio Alliance, and the YMCA's Public Policy Committee. The YMCA/JCC of Greater Toledo serves 2,500 children each day.

Each Ambassador will plan a major event for *Lights On Afterschool*, the Afterschool Alliance's October 18 nationwide rally for afterschool. These events draw attention to the importance of funding afterschool programs. Despite overwhelming public support, and an agreement embodied in the *No Child Left Behind Act* to steadily increase federal funding, federal support for afterschool has been flat or declining for several years. The *No Child Left Behind Act* authorized \$2.5 billion for afterschool this year, but funding is less than \$1 billion. The House of Representatives and Senate are considering increases for next year.

Afterschool programs offer young people safe, enriching, fun and engaging places to spend their afternoons. Youth in afterschool programs have been shown to perform better in school and have greater expectations for the future, while children who are unsupervised in the afternoons are at greater risk of becoming involved with crime, substance abuse and teenage pregnancy.

A groundbreaking study conducted for the Afterschool Alliance in 2004 (with funding from the J.C. Penney Co., Inc.) concluded that 14.3 million latchkey children have no adult

supervision in the afternoons and that the parents of 15.3 million children would send their child to an afterschool program if one were available.

*The Afterschool Alliance is a nonprofit public awareness and advocacy organization working to ensure that all children and youth have access to quality afterschool programs. More information is available at [www.afterschoolalliance.org](http://www.afterschoolalliance.org).*
