Myrtle Creek's Lomascola Chosen to Be One of Just 18 'Afterschool Ambassadors' in the Nation This Year

Amber Lomascola Will Work in Oregon to Raise Awareness About and Increase Access to Afterschool and Summer Learning Programs

Washington, DC – The Afterschool Alliance announced today that Amber Lomascola, Center Program Manager at the Expanding Horizon Youth Center, has been selected to serve as an Afterschool Ambassador for the Afterschool Alliance in 2020-2021. She is one of just 18 leaders in the United States chosen for the honor this year. Afterschool Ambassadors continue their work at local afterschool programs while serving the one-year Afterschool Ambassador term, organizing public events, communicating with policy makers and community leaders, and in other ways increasing awareness and support for afterschool and summer learning programs.

“We are so pleased that Amber Lomascola will serve as an Afterschool Ambassador this year,” said Afterschool Alliance Executive Director Jodi Grant. “With the pandemic increasing the need for quality afterschool and summer learning programs so dramatically, we need strong advocates who have their fingers on the pulse of their communities. Amber will do a terrific job mobilizing community and business leaders, parents, policy makers, educators and others to send the message that afterschool programs are vital to our recovery from COVID-19. Afterschool programs keep kids safe, inspire them to learn, and give families peace of mind that their children are safe, learning, and constructively engaged while parents are at work or looking for jobs.”

“I am delighted to work with the Afterschool Alliance to increase support for afterschool programs,” said Lomascola. “It’s a tremendously important issue in my community and state. In normal times, afterschool programs help young people succeed in school and in life, and support working families throughout Oregon. These days, we need to help children with academic, social and emotional needs created by the pandemic and support efforts to rebuild our economy. That makes these programs even more essential. I look forward to helping build support for the out-of-school-time opportunities all students need, now and over time.”

The Expanding Horizon Youth Center (EHYC) is a Tribal-specific afterschool program and summer STEAM program supported by the Cow Creek Band of Umpqua Tribe. The EHYC is located within the Tribal Community Center in Myrtle Creek Or. Program supports up to 40 student 4th to 12th grades each calendar year. At the EHYC, youth receive a snack, a full dinner, tutoring, technology assistance, outdoor recreation, arts and crafts, and summer STEAM curriculum. EHYC staff and students coordinate with many Tribal departments throughout the

year such as Culture, Language, Health and Wellness, and the Communications Coordinator. Community partnerships include all schools within the South Umpqua School District, South Umpquas Tribal Attendance Promising Practices Manager and Umpqua Valley Arts Center, Youth Art Exhibit displayed every two years.

Each Ambassador will organize a major event for *Lights On Afterschool*, the Afterschool Alliance's annual rally for afterschool, which will include events on or around Thursday, October 28, 2021.

The [America After 3PM](#) household survey of more than 30,000 families, commissioned by the Afterschool Alliance and released this month, finds that unmet demand for afterschool programs has reached an all-time high. For every child in an afterschool program in America today, three more are waiting to get in. The study finds significant inequities, with Black and Latinx children disproportionately without afterschool opportunities. Ninety-four percent of parents of afterschool students say they are satisfied with their child's program.

A large and powerful body of evidence demonstrates improvements in grades, school attendance, behavior and more among children who participate in afterschool programs. Researchers have

also found that students in afterschool programs are more engaged in school and excited about learning and develop critical work and life skills such as problem solving, teamwork, and communications.
