Park County's Wutzke Chosen to Be One of Just 18 'Afterschool Ambassadors' in the Nation This Year

*Tiffany Wutzke Will Work in Wyoming to Raise Awareness About and Increase Access to
Afterschool and Summer Learning Programs*

Washington, DC – The Afterschool Alliance announced today that Tiffany Wutzke, Director of Programming and Training at the Youth Clubs of Park County has been selected to serve as an Afterschool Ambassador for the Afterschool Alliance in 2020-2021. She is one of just 18 leaders in the United States chosen for the honor this year. Afterschool Ambassadors continue their work at local afterschool programs while serving the one-year Afterschool Ambassador term, organizing public events, communicating with policy makers and community leaders, and in other ways increasing awareness and support for afterschool and summer learning programs.

“We are so pleased that Tiffany Wutzke will serve as an Afterschool Ambassador this year,” said Afterschool Alliance Executive Director Jodi Grant. “With the pandemic increasing the need for quality afterschool and summer learning programs so dramatically, we need strong advocates who have their fingers on the pulse of their communities. Tiffany will do a terrific job mobilizing community and business leaders, parents, policy makers, educators and others to send the message that afterschool programs are vital to our recovery from COVID-19. Afterschool programs keep kids safe, inspire them to learn, and give families peace of mind that their children are safe, learning, and constructively engaged while parents are at work or looking for jobs.”

“I am delighted to work with the Afterschool Alliance to increase support for afterschool programs,” said “It’s a tremendously important issue in my community and state. In normal times, afterschool programs help young people succeed in school and in life, and support working families throughout Wyoming. These days, we need to help children with academic, social and emotional needs created by the pandemic and support efforts to rebuild our economy. That makes these programs even more essential. I look forward to helping build support for the out-of-school-time opportunities all students need, now and over time.”

The Youth Clubs of Park County serve approximately 500 youth per year between both Powell and Cody Sites. The Clubs are partially funded by the Nita M Lowey 21st CCLC Grant. The Youth Clubs of Park County is a positive safe place for you youth to go afterschool and during summer. They provide homework help, programs involving STEM, character and leadership, health and life skills sports and recreation, arts and crafts, and even college and career readiness.

The Clubs have great partnerships in both communities it serves. Without the support of the community the clubs couldn't do what they do.

Each Ambassador will organize a major event for *Lights On Afterschool*, the Afterschool Alliance's annual rally for afterschool, which will include events on or around Thursday, October 28, 2021.

The 2020-2021 Afterschool Ambassadors are:

The [America After 3PM](#) household survey of more than 30,000 families, commissioned by the Afterschool Alliance and released this month, finds that unmet demand for afterschool programs has reached an all-time high. For every child in an afterschool program in America today, three more are waiting to get in. The study finds significant inequities, with Black and Latinx children disproportionately without afterschool opportunities. Ninety-four percent of parents of afterschool students say they are satisfied with their child's program.

A large and powerful body of evidence demonstrates improvements in grades, school attendance, behavior and more among children who participate in afterschool programs. Researchers have also found that students in afterschool programs are more engaged in school and excited about

learning and develop critical work and life skills such as problem solving, teamwork, and communications.

The Afterschool Alliance is a nonprofit public awareness and advocacy organization working to ensure that all children and youth have access to quality afterschool programs. More information is available at www.afterschoolalliance.org.

The Youth Clubs of Park County make it their business to create a safe, positive, & fun environment for all Club members. The Clubs celebrated their twentieth anniversary in 2018. Although they are relatively new, there are definite observable results from the Clubs' existence. Teachers, parents, and community members are among those who report and comment on the Members' positive developmental growth, as it pertains to academic and social success. One of the Clubs' major donors (Bill Price) has been quoted as saying, "Joanne (Bill's wife) and I believe we must start early and support our youth to help them prepare for future success." I think we could all agree that the earlier we start, the better our chances of reaping the benefits from all of our efforts to raise a positive and productive generation.
