Huntington's Frederick Chosen as One of Just 15 'Afterschool Ambassadors' in United States This Year

*Desiree Frederick Will Work in Indiana and Nationally to
Increase Access to Afterschool Programs*

Washington, DC – The Afterschool Alliance today announced that Desiree Frederick, Unit Director at the Boys & Girls Club of Huntington County, has been selected to serve as a 2018-2019 Afterschool Ambassador. She is one of just 15 leaders in the country who was chosen for the honor this year. Each Afterschool Ambassador will continue leading a local afterschool program while also serving a one-year Afterschool Ambassador term, organizing public events, communicating with policy makers and in other ways growing awareness and support for afterschool and summer learning programs.

“We’re thrilled that Frederick will serve as an Afterschool Ambassador this year,” said Afterschool Alliance Executive Director Jodi Grant. “Now more than ever, with federal funding for quality afterschool and summer learning programs under attack, we need strong advocates like her. She will mobilize parents, educators and business, community and faith leaders, among others, to help safeguard funding for the afterschool programs that keep kids safe, inspire them to learn and help give working families peace of mind. These programs offer hands-on learning opportunities, homework help, mentors, science and technology, healthy snacks and meals, sports and fitness, arts programming, college and job prep, and much more.”

“I am delighted to join in the Afterschool Alliance’s work to build support for afterschool programs,” said Frederick. “In my 8 years working in the field, I’ve seen over and over again the extraordinary difference that afterschool makes in the lives of young people in Indiana. They help students explore their interests and discover their passions, while giving parents the security that comes from knowing their children are safe and supervised, with opportunities to learn and grow, after the school day ends. I look forward to building support for the out-of-school-time opportunities all students need.”

The Boys & Girls Club of Huntington County serves on average 320 youth daily between their before and afterschool programs. The program has two sites, one located in Huntington and one at Salamonie Elementary School in Warren. The Boys & Girls Club of Huntington County is part of the 21st Century Community Learning Centers program. They provide afterschool and summer programs that support academic success, such as homework help, enrichment programs that focus on healthy lifestyles, Science, Technology, Engineering and Mathematics (STEM), and the arts. Members enjoy a wide variety of programs at the Club including help with

homework, learning to use a 3D printer, Positive Action – a program about making healthy choices, and the recently added dance program for members.

Each Ambassador will organize a major event for *Lights On Afterschool*, the Afterschool Alliance’s annual rally for afterschool, to be held on October 25 this year. Last year, 1 million people participated in some 8,000 *Lights On Afterschool* events across the United States and at U.S. military bases worldwide.

The 2018-2019 Afterschool Ambassadors are:

- **Alabama:** Andrea Bridges, Education Coordinator, The CARE Center, **New Hope**
- **Alaska:** Heather Schloeman, Executive Director, Boys & Girls Clubs of the Kenai Peninsula, **Kenai**;

- **Texas:** Johanna L. Friedel, M.Ed., Director, Afterschool Center of Education at Greenville ISD, **Greenville**;
- **Texas:** Jack Garcia, Afterschool Program Director, San Benito Consolidated Independent School District Afterschool Program, **San Benito**; and
- **Vermont:** Christy Gallese, Director of Expanded Learning Opportunities, Burlington School District, **Burlington**.

The [America After 3PM](#) household survey of more than 30,000 families, commissioned by the Afterschool Alliance, found that participation in afterschool programs has increased to 10.2 million students nationwide, up from 6.5 million in 2004. But the unmet demand for afterschool programs has increased as well. Today, for every child in an afterschool program, there are two more whose parents say they would participate, if a program were available. Unmet demand is especially high in rural communities and communities of concentrated poverty. One in five students in the United States today is unsupervised after the school day ends.

A large and growing body of evidence demonstrates improvements in attendance, behavior, academic achievement and more among children in afterschool programs. Researchers have also found that afterschool programs encourage increased parental involvement – an important building block for student success.
