Siouxland's Beyond the Bell Director Andrews Selected as One of Just 17 Afterschool Ambassadors in United States This Year

Jenna Andrews Will Work in Iowa and Nationally to Increase Access to Afterschool and Summer Learning Programs

Washington, DC – The Afterschool Alliance today announced that Jenna Andrews, Program Director at the Beyond the Bell Program, has been selected to serve as an Afterschool Ambassador for the Afterschool Alliance in 2022. She is one of just 17 leaders in the country chosen for the honor this year. Afterschool Ambassadors continue their work with local afterschool programs while serving a one-year Afterschool Ambassador term, organizing public events, communicating with policy makers and community leaders, and in other ways increasing awareness and support for afterschool and summer learning programs.

“We are thrilled that Jenna Andrews will serve as an Afterschool Ambassador this year,” said Afterschool Alliance Executive Director Jodi Grant. “The pandemic has had a profound effect on children and youth, and the afterschool community has a vital role to play in helping everyone recover lost ground. That will require support of all kinds, and we need strong advocates who know their communities to lead the charge. Afterschool programs keep kids safe, inspire them to learn, and help give working families peace of mind. They offer hands-on learning, opportunities to think critically and collaborate, homework help, mentors, science and technology, healthy snacks and meals, sports and fitness, arts programming, college and job prep, and much more – and students need all that more than ever.”

“I am honored and eager to join the Afterschool Alliance in building support for afterschool programs,” said Andrews. “Over the last two years, afterschool and summer learning programs have provided critical services to kids and families, and we have more work to do as we recover. Our kids have ground to make up – not just in academics, but in their social and emotional development, as well. I’m proud to be part of the afterschool movement and thrilled to have a chance to serve as an Afterschool Ambassador for Iowa.”

Beyond the Bell is made up of 25 sites in the Siouxland area – reaching three school districts across two states, serving preschool through eighth grade. It serves approximately 1,200 students daily across 17 sites located in Sioux City Community School District, five sites located in South Sioux City Community Schools, and three sites located in Bishop Heelan Catholic Schools.

Beyond the Bell is a before school, afterschool and summer program supported by multiple partners and funding sources that include federal 21st Century Community Learning Centers grants in Iowa and Nebraska, the Sioux City Community School District, South Sioux City Community Schools, United Way of Siouxland, Nebraska Children and Families Foundation, and private parent tuition.

Programs rotate through a variety of high-quality enrichment activities, centers, and clubs that are guided by student voice and choice. These centers or clubs are focused on homework help, math, literacy, STEM (science, technology, engineering, math), gross motor, fine motor and much more. Activities may range from yoga and mindfulness to a book club and creating their own garden. Students attend field trips to the library, local nursing homes, museum, local colleges and Universities, and many other community businesses. As much as possible, BTB aligns learning activities and field trips with what students are learning during the school day. BTB has multiple community partners that offer a wide range of services and enrichment to support making all programs successful in meeting the needs to help students and families reach their full potential. The program is administered by Siouxland Human Investment Partnership (SHIP).

Each Ambassador will organize a major event for *Lights On Afterschool*, the Afterschool Alliance's annual rally for afterschool. Most of the thousands of local *Lights On Afterschool* events will be on or around Thursday, October 20, 2022.

The 2022 Afterschool Ambassadors are:

- **Homer, Alaska:** Jane Beck, Executive Director, Project GRAD Kenai Peninsula

- **Charleston, West Virginia:** Michael Farmer, Chief Operations Officer, Step By Step WV
- **Fairmont, West Virginia:** Shannon Yost, Program Manager, Flipside Afterschool Program

The 2020 [America After 3PM](#) household survey of more than 30,000 families, commissioned by the Afterschool Alliance and conducted before the pandemic, found that unmet demand for afterschool programs has reached an all-time high. For every child in an afterschool program in America today, three more are waiting to get in. The study found significant inequities, with Black and Latinx children disproportionately without afterschool opportunities. Ninety-four percent of parents of afterschool students say they are satisfied with their child's program.

A large and powerful body of evidence demonstrates improvements in grades, school attendance, behavior and more among children who participate in afterschool programs. Researchers have also found that students in afterschool programs are more engaged in school and excited about learning and develop critical work and life skills such as problem solving, teamwork, and communications.
