### **Wichita's Hartman Selected as One of Just 17 Afterschool Ambassadors in United States This Year**

*Hartman Will Work in Kansas and Nationally to Increase Access to  
Afterschool and Summer Learning Programs*

Washington, DC – The Afterschool Alliance today announced that Jennifer Hartman, Program Manager for the Wichita Public Schools STEALTH Afterschool Program, has been selected to serve as an Afterschool Ambassador for the Afterschool Alliance in 2022. She is one of just 17 leaders in the country chosen for the honor this year. Afterschool Ambassadors continue their work with local afterschool programs while serving a one-year Afterschool Ambassador term, organizing public events, communicating with policy makers and community leaders, and in other ways increasing awareness and support for afterschool and summer learning programs.

“We are thrilled that Jennifer Hartman will serve as an Afterschool Ambassador this year,” said Afterschool Alliance Executive Director Jodi Grant. “The pandemic has had a profound effect on children and youth, and the afterschool community has a vital role to play in helping everyone recover lost ground. That will require support of all kinds, and we need strong advocates who know their communities to lead the charge. Afterschool programs keep kids safe, inspire them to learn, and help give working families peace of mind. They offer hands-on learning, opportunities to think critically and collaborate, homework help, mentors, science and technology, healthy snacks and meals, sports and fitness, arts programming, college and job prep, and much more – and students need all that more than ever.”

“I am eager to join the Afterschool Alliance in building support for afterschool programs,” said Hartman. “Over the last two years, afterschool and summer learning programs have provided critical services to kids and families, and we have more work to do as we recover. Our kids have ground to make up – not just in academics, but in their social and emotional development, as well. I’m proud to be part of the afterschool movement and thrilled to have a chance to serve as an Afterschool Ambassador for Kansas.”

The Wichita Public Schools STEALTH Afterschool & Summer Program is a 21<sup>st</sup> Century Community Learning Centers grant-funded program that serves over 700 students at 10 Wichita elementary sites at no cost to the student. STEALTH is dedicated to offering academic assistance and enrichment activities in the areas of STEM (science, technology, engineering, math), Fine Arts, Service Learning and Health & Wellness in an engaging environment that gets students

excited to learn. Numerous community partners also work to ensure that students are able to improve their math, reading and science skills through engaging grade-level tutoring and homework sessions.

Each Ambassador will organize a major event for *Lights On Afterschool*, the Afterschool Alliance's annual rally for afterschool. Most of the thousands of local *Lights On Afterschool* events will be on or around Thursday, October 20, 2022.

The 2020 [America After 3PM](#) household survey of more than 30,000 families, commissioned by the Afterschool Alliance and conducted before the pandemic, found that unmet demand for afterschool programs has reached an all-time high. For every child in an afterschool program in

America today, three more are waiting to get in. The study found significant inequities, with Black and Latinx children disproportionately without afterschool opportunities. Ninety-four percent of parents of afterschool students say they are satisfied with their child's program.

A large and powerful body of evidence demonstrates improvements in grades, school attendance, behavior and more among children who participate in afterschool programs. Researchers have also found that students in afterschool programs are more engaged in school and excited about learning and develop critical work and life skills such as problem solving, teamwork, and communications.
