Yashica Newby of Baton Rouge Selected as One of Just 14 Afterschool Ambassadors in United States This Year

Newby Will Work in Louisiana and Across Nation to Make Afterschool and Summer Learning Programs Available to More Students and Families

Washington, DC – The Afterschool Alliance announced today that it has selected Yashica Newby, Site Director at the Boys & Girls Clubs of Metro Louisiana, to serve as a 2024 Afterschool Ambassador. She is one of just 14 leaders in the country chosen for the honor this year. Afterschool Ambassadors continue working with local afterschool programs while serving a one-year Afterschool Ambassador term, working with community leaders and policy makers, organizing events, and in other ways growing support for the afterschool and summer learning programs families rely on.

“We are thrilled that Yashica Newby is serving as a 2024 Afterschool Ambassador for the Afterschool Alliance,” said Jodi Grant, Afterschool Alliance executive director. “This is a challenging time for the country’s students and families, and afterschool and summer learning programs are uniquely positioned to help. But there aren’t nearly enough programs to meet the need, and programs are facing significant challenges including funding shortfalls as the pandemic relief tapers off, staff shortages, and more. Now more than ever, we need leaders to spread the word that afterschool programs keep kids safe, inspire them to learn, and give parents peace of mind that their children are safe and supervised after the school day ends. Ms. Newby is exactly the kind of champion we need.”

“I am delighted to have the chance to work with the Afterschool Alliance to increase awareness and support for afterschool and summer learning programs this year,” Newby said. “I’ve seen firsthand the many ways these programs help students and families overcome challenges. That’s especially important now. Many of our students have ground to make up and afterschool programs can help them do that. I’m so proud to be part of the afterschool movement and to be a 2024 Afterschool Ambassador.”

Boys & Girls Clubs of Metro Louisiana currently serves over 1,000 members across the Metro area. It has eight sites at which it provides programs that provide experiences and opportunities to its members. It assists with homework and has built community partnerships where mentoring has become a helpful experience. It provides members with a healthy snack daily and they participate in its Triple Play program, which focuses on healthy lifestyles. Its Teen Program offers opportunities for teens to explore universities and while preparing them for adulthood. Life skills are taught through its SMART GIRLS and Passport to Manhood programs and teens participate in the annual Teen Summit, which will be hosted by Boys & Girls Clubs of Metro Louisiana and held in Baton Rouge this year. Boys & Girls Clubs have run prominent after school programs for decades. This organization has provided many great opportunities
for children across the United States and has proven that programs such as this one, provide great access and support to families.

Each Ambassador will organize a major event for Lights On Afterschool, the Afterschool Alliance’s annual rally for afterschool. Most of the thousands of local Lights On Afterschool events will be on or around Thursday, October 24, 2024.

Some 24.7 million U.S. children not in an afterschool program would be enrolled, if a program were available to them, according to a survey of nearly 1,500 parents commissioned by the Afterschool Alliance and conducted by Edge Research in May and June of 2022. That is the highest number ever recorded. Unmet demand for afterschool programs is significantly higher among Latino and Black children (at 60% and 54% respectively) than among children overall (49%). Cost is the top barrier to enroll, cited by 57% of parents as a reason for not enrolling their child. Ninety percent of parents rate the quality of the program their child attends as excellent (51%) or very good (39%).

A large and powerful body of evidence demonstrates improvements in grades, school attendance, behavior and more among children who participate in afterschool programs. Researchers have also found that students in afterschool programs are more engaged in school and excited about learning and develop critical work and life skills such as problem solving, teamwork, and communications.
