### **Rhinelanders' Cline Selected as One of Just 15 Afterschool Ambassadors in United States This Year**

*Abbie Cline Will Work Locally and Across the Country to Make Quality Afterschool and Summer Learning Programs Available to More Students and Families*

Washington, DC – The Afterschool Alliance today announced that it has selected Abbie Cline, Mission Advancement Director at the YMCA of the Northwoods, to serve as a 2025 Afterschool Ambassador – one of only 15 leaders in the country chosen for the honor this year. Afterschool Ambassadors continue working with local afterschool programs while serving a one-year Afterschool Ambassador term, during which they engage with community leaders and policy makers to organize events and in other ways grow support for the afterschool and summer learning programs that students and families rely on.

“We are absolutely delighted that Abbie Cline will serve as a 2025 Afterschool Ambassador for the Afterschool Alliance,” said Jodi Grant, Afterschool Alliance executive director. “This is going to be a pivotal year when we must continue the progress in making afterschool and summer learning programs available to more students, even as federal education spending is under scrutiny. We intend to continue spreading the word that afterschool programs are a wise, essential investment because they keep kids safe, inspire them to learn, and give parents peace of mind that their children are safe and supervised after the school day ends. Cline is exactly the kind of champion we need.”

“I am honored and excited to have the chance to work with the Afterschool Alliance to increase awareness and support for afterschool and summer learning programs this year,” said Cline. “I’ve seen firsthand the many ways these programs help students succeed and help families overcome challenges. That’s especially important now, with families struggling with high costs and many students disengaged. Many of our students have ground to make up and afterschool programs are uniquely positioned to help them do that. I’m very proud to be part of the afterschool movement and to be a 2025 Afterschool Ambassador.”

The YMCA of the Northwoods Afterschool Program operates onsite at the YMCA in Rhinelanders, WI. During the school year, it serves 89 youth in kindergarten through 8<sup>th</sup> grade. The Y uses its three areas of impact to guide programming. Youth Development is implemented through strong staff that role model values such as caring, honesty, respect and responsibility. Healthy Living is focused on through nutritious snacks, physical activity each day and opportunities to participate in youth sports and aquatics on location. And social responsibility is found within its mental health and wellbeing initiatives that focus on the whole child and their family.

Each Ambassador will organize a major event for *Lights On Afterschool*, the Afterschool Alliance's annual rally for afterschool. Most of the thousands of local *Lights On Afterschool* events will be on or around Thursday, October 23, 2025.

The 2025 Afterschool Ambassadors are:

- **Alabama, Gadsden:** Janie Browning, Gadsden City Schools
- **Alaska, Palmer:** Tyler Healy, Youth 360

A [public opinion survey](#) released in February found that 85% of voters say they want their newly elected leaders to provide more funds for afterschool programs, including 92% of Democrats, 81% of Independents, 77% of Republicans, and 77% of people who voted for President Trump. The unmet need is great. Some 24.7 million U.S. children not in an afterschool program would be enrolled, if a program were available to them, according to [a survey of nearly 1,500 parents](#) commissioned by the Afterschool Alliance in 2022. That is the highest number ever recorded. Unmet demand for afterschool programs is significantly higher among Latino and Black children (at 60% and 54% respectively) than among children overall (49%). Cost is the top barrier to enroll, cited by 57% of parents as a reason for not enrolling their child. Ninety percent of parents rate the quality of the program their child attends as excellent (51%) or very good (39%).

A large and powerful body of evidence demonstrates improvements in grades, school attendance, behavior and more among children who participate in afterschool programs. Researchers have also found that students in afterschool programs are more engaged in school and excited about learning, and develop critical work and life skills such as problem solving, teamwork, and communications.
