# This is Afterschool in Wyoming

Afterschool Alliance

March 2020

After the school day ends in Wyoming, 1 in 5 kids are alone and unsupervised. These hours—from 2 to 6 p.m.—are the peak time for juvenile crime nationally according to the latest report by Fight Crime: Invest in Kids, a national organization of law enforcement leaders. Afterschool programs turn that time of risk into opportunity. They keep kids safe and help them realize their full potential. Nationwide, 9 in 10 adults say afterschool programs are important to their community, yet more than 19 million kids are waiting to get in.

Fortunately for the 14,026 children in afterschool programs in Wyoming, the hours after school are a time when programs help kids get excited about learning, attend school more often, get better grades, and build foundational skills, like communication, teamwork, and problem solving.

## Inspiring Learning

77% of Wyoming parents agree that afterschool programs help their kids get excited about learning.

70% of Wyoming parents agree afterschool programs can help kids gain STEM-related interests and skills.

72% of Wyoming parents agree afterschool programs help kids gain teamwork, leadership, and critical thinking skills.

54% of Wyoming parents agree that afterschool programs help students improve school day attendance.

## Keeping Kids Safe and Supported

72% of Wyoming parents believe afterschool programs reduce the likelihood that kids will engage in risky behaviors.

80% of Wyoming parents agree that afterschool programs provide access to caring adults and mentors.

## Unmet Demand for Afterschool in Wyoming

21<sup>st</sup> Century Community Learning Center grants are the only dedicated federal funding source that support local communities' afterschool and summer programs. Demand for programs is so great in Wyoming that **1 out of every 5 applications cannot be funded.**

A 2019 review of Wyoming's 21<sup>st</sup> CCLC programs found that almost all programs met or partially met their goal of increasing the number of students who improved their school day attendance (94%) and homework completion and class participation (94%). Additionally, most programs met or partially met their goal of increasing the number of regular attendees improving from not proficient to proficient in language arts/reading and math.

## 21<sup>st</sup> Century Community Learning Centers

In Wyoming, 21<sup>st</sup> Century Community Learning Centers—local afterschool, before-school and summer learning programs that serve students attending high-poverty, low-performing schools—provide services for 11,200 kids and 70 communities.

In a nationwide study of students who regularly attend a Community Learning Center, teachers report that:

**1 in 2**

improved their math and Language Arts grades

**More than 2 in 3**

improved their homework completion and class participation

**More than 3 in 5**

improved their behavior in class

Community Learning Centers bring together diverse partners to meet community needs. A typical program receives \$67,000 from partners to supplement its federal funding. Nationwide, partner contributions totaled more than \$1 billion between 2006 and 2010.

## A Lifeline for Working Families

Families across America report that the gap between work and school schedules can be up to 25 hours per week. Parents lose 8 days of work, and businesses lose up to \$300 billion a year due to parental concerns about afterschool care.

- **74% of Wyoming** parents say afterschool programs give them peace of mind.
- **69% of Wyoming** parents agree afterschool programs help them keep their jobs.

Afterschool provides a solid return on investment. Research spanning several states shows that every \$1 invested in afterschool programs saves at least \$3 by:

- 1** Increasing kids' earning potential
- 2** Improving kids' performance at school
- 3** Reducing crime and juvenile delinquency

"I've very much fed off of the kindness I received from the group leaders at Boys & Girls Club. As a result, I'm probably going to be teaching and combining my love for music with my teaching. Afterschool is about having options and getting to experiment with all those different things to figure out what it is that you really want."
